

REU PROGRAM

in Chemical Engineering

Program:

May 27, 2025 - August 1, 2025

Applications due:

Extended to April 11, 2025

For questions and application instructions, please visit

lsu.edu/eng/che/faculty-research/reu/ or email the REU Program at chereu@lsu.edu.

Would you like to . . .

- Learn how to translate an idea from the lab to industry?
- Discover new ways to market fundamental and applied research?
- Gain new mental health and stress management skills?
- Obtain training on how to effectively communicate research?
- Learn to better work in teams?
- Learn how to be an entrepreneur?

LSU

Research Areas

- Nanostructured catalysis
- Computational surface chemistry
- Photocatalysis
- Catalytic conversion of syngas
- Biomedical engineering
- Lab-on-a-chip technology
- Advanced materials
- Catalytic conversion of biomass
- Electrocatalytic conversion

Participants are lodged in apartment-style university housing and paid a stipend for the summer.

Training for the Whole REU Student
