

## Manually Override Appointment (Salary) in Budget

Employee salary information pulls from Workday directly into their GeauxGrants profile. When creating a budget, the salary information will automatically appear for the majority of LSU employees and calculate based on the appointment type and effort. Fringe benefits and graduate student tuition remission will also calculate based on the appointment type. However, if a PI is requesting a flat amount for salary or an anticipated raise in year 1, then you will need to use the manual override button to manually enter salary information.

<sup>•</sup> If the budget is Completed, click "Un-Complete Budget" to edit.

- 4) To calculate the appropriate fringe benefit or tuition remission (graduate students), you will need to click on the link next to Fringe Benefits and then select the correct fringe or tuition remission type from the dropdown list:
  - a. Faculty and Staff = Employee
  - b. Graduate Students = Depending on the GA Appointment: GA Academic Health/Tuition, GA Calendar Health/Tuition, or GA Summer Health/Tuition. Tuition remission will populate under Non-Personnel.
  - c. 2-Year Postdoctoral Researcher job code = 2-Year Postdoctoral Researcher
  - d. Transient, Continent Workers, WAEs = Transient
